Child Protection and Safeguarding Information

Rationale

In the Foundation Stage Department the safety and welfare of the children is our priority. We maintain rigorous procedures for child protection in line with the procedures laid out by our local Child Protection Agencies (local children's services and police).

"The provider must take necessary steps to safeguard and promote the welfare of children"

"Providers must ensure that adults looking after children, or having unsupervised access to them, are suitable to do so."

"Children's behaviour must be managed effectively and in a manner appropriate for their stage of development and particular individual needs" (EYFS Statutory Framework 2008)
