

HULL COLLEGIATE SCHOOL

NON – RESIDENTIAL TRIPS AND VISITS

Hull Collegiate School seeks to implement this policy through adherence to the procedures set out in the rest of this document.

Hull Collegiate School is fully committed to ensuring that the application of this policy is non-discriminatory in line with the UK Equality Act (2010). Further details are available in the school's Equal Opportunity Policy document.

This document is available to all interested parties on request from the main school office and should be read in conjunction with the following documents:

- Behaviour
- Risk statement
- Health & safety
- Minibus code

This document is reviewed annually by Mr S F Jolly, Mr A Kiddy and Miss A Kell or as events or legislation change requires. The next scheduled date for review is September 2017.

Hull Collegiate School Non Residential Trips & Visits Flowchart

Policy Statement

Hull Collegiate School places great value on the educational experience provided for pupils in the range of Educational Trips and Visits it provides. These range from overseas historical and linguistic based residential visits to curriculum based local field trips. There are also various recreational visits - theme parks to ski trips. The highest standards of health and safety are paramount on all school trips and those responsible for the organisation of such trips must make every reasonable adjustment so that those with SEN and disabilities are not prevented from participation.

Employees in charge of and assisting with school visits must be conversant with:

- this part of the policy
- any other school requirements detailed elsewhere
- HSE Case Studies
- Safe Practice in Physical Education and School Sport – by the Association for Physical Education.

Where the Headteacher wishes to appoint an Educational Visits Coordinator (EVC), to act on behalf of the Headteacher the employee should be specifically competent. The level of competence required will relate to the size of the school and the types of educational visits proposed. For example the needs of a small infants' school will differ from those of a large secondary school with an active D of E Award programme. Evidence of competence will be through the experience of practical leadership over many years of outdoor education and the completion of training in risk assessment and a thorough knowledge of this part of the Policy.

All trips and visits must be preceded by assessment of the risks involved and there must be written risk assessments and/or written arrangements for individual visits and activities. When identified as necessary, training must be provided. Risk assessment training must include information on generic assessment, specific assessment and ongoing assessment. The risk assessments and arrangements must include consideration of matters such as higher risk/adventurous activities, fire precautions and fire procedures, pupil supervision including remote supervision, transport, first aid and safeguarding. Before the visit leaves, the party leader must brief all staff accompanying the visit on the need to adopt a proactive attitude to previously unidentified risks that emerge during the course of the visit always bearing in mind the nature and purpose of the visit set out by the party leader

Final authorisation for each visit, including approval of the risk assessments, must be made by the Educational Visits Coordinator (EVC), who acts on behalf of the Head Teacher. Risk assessments etc. must be 'signed off' before the visit departs and signed copies must be taken by the group leader on the visit.

This policy and associated procedures is informed by the UCST/ULT group Health and Safety policy, Adventure activities licensing regulations (2004), the Outdoor Education advisors panel and the Standards for local Health & Safety of Pupils on Educational Visits (HASPEV 1998)

General Functions Of The Headteacher/Educational Visits Coordinator

The school's EVCs are:

Senior School – Steve Jolly, Deputy Headteacher (Curriculum and Assessment)

Prep School – Antje Kell, Headteacher of Prep School

Their functions are to:

- Formally review own training requirements on an annual basis and report to the school Health & Safety Coordinator
- Liaise with the employer to ensure that educational visit meet the employer's requirements including those of the risk assessment, and in doing this be aware of HSE advice – which is To assess real risks only ...

The following questions cover the main arrangements that should be in place for a visit. What are the main objectives of the visit?

- What is "Plan B" if the main objectives can't be achieved?
- What could go wrong?
- Does the risk assessment cover as appropriate:
 - the main activity
 - "Plan B"
 - travel arrangements
 - emergency procedures
 - staff numbers, gender and skill mixes
 - generic and site-specific hazards and risks (including for Plan B)
 - variable hazards (including environmental and participants' personal abilities and the 'cut off' points)
 - what information will be provided for parents
 - what consents will be sought
 - what opportunities will parents have to ask questions (including any arrangements for a parents' meeting)
 - what assurances are there of the leader(s) competencies
 - what are the communication arrangements
 - what are the arrangements for supervision, both during activities and 'free time' – is there a Code of Conduct
 - what are the arrangements for monitoring and reviewing the visit
 - Is the nominated first aider (If EYFS must be paediatric trained) aware of the school's first aid policy in relation to trips and visits.
- Assess the competence of leaders and other adults proposed for supervision of visits, these may need accreditations from an awarding body – assessment may include practical observation or verification of experience
- Ensure the training of leaders and other adults going on visits, these may need accreditation from an awarding body; training will commonly involve risk assessment and basic first aid and information will be based on risk assessments/other written arrangements (records are required)
- Ensure that DBS checks are in place as necessary
- Assign competent people to lead or otherwise supervise a visit
- Organise thorough induction of leaders and other employees/ adults taking pupils on specific visits based on risk assessments and other written arrangements and amongst other things ensure adequate information is provided to pupils who are to go on the visits including the appropriate risk control measures within the risk assessments

- Work with group leaders to obtain the consent/permission or refusal of parents and to provide the details of the visit beforehand so that parents can give or refuse consent/permission on a fully informed basis
- Organise the emergency arrangements and ensure there is an emergency contact for each visit
- Support the head and governors with approval and other decisions
- Keep records of individual visits including reports of accidents and 'near-accidents', sometimes known as 'near misses'
- Review systems and, on occasion, monitor practice: this will involve going on visits.

Planning a Visit

It is important that sufficient time is allocated to the preparation and planning of a visit to ensure its success and safety. A pre visit is usually advisable to enable the party leader to identify any potential hazards.

Employees Accompanying Visits

Wherever possible, leaders and employees accompanying the visit should be teachers employed by the school.

In general there should be a minimum of two employees accompanying visits in the ratio of not less than one to twenty pupils in the senior school, one to ten pupils in the Prep School and one to six pupils in infant school and for EYFS there must be adherence to the statutory ratios. Ratios will depend upon risk assessment and the Headteacher may make exceptions to the general rule, for instance, for games matches and for small sixth form groups.

Remember that, except for the statutory EYFS requirements, the ratios described are recommendations. The Headteacher must ensure that ratios are adequate. When considering the ratio necessary for any particular visit the following points will be taken into account:

- the sex, ages and temperaments of the pupils involved
- the length and purposes of the visit
- the method of travel
- the nature of the locality and the activities to be undertaken
- the nature of the activities including any higher risk/adventurous activities are involved
- any medical or special needs of any pupils taking part.

Trip 'supervisors' accompanied by their spouse/partner and/or children should be discouraged and must not be counted in the ratio. Research indicates that this has proven to compromise the interests of the group as a whole.

If a joint visit is arranged with another school so that both schools share supervision, employees of the other school may be included in calculating the appropriate ratio.

If female pupils are going on the visit a male employee should be accompanied by a female employee and vice-versa. However if compliance would result in difficulties for small groups of pupils, the Headteacher has discretion in this matter in the light of the nature and duration of the proposed visit and the ages of the pupils concerned. The requirement is primarily for the protection of employees.

Parent and other Adult Helpers

Whilst it is accepted that other suitable adults (who will need to be DBS checked if accompanying any residential trip or if they are to have unsupervised access to pupils) may play a useful role in connection with accompanying school visits they should not be taken into account in the calculation of the minimum number of employees required to supervise the group as set out above. The Headteacher may, however, make exceptions to this general rule for instance for:

- groups of 20 or more pupils where there are at least two employees accompanying the group
- Sixth form outings.

Parents or other suitable adults should only be allowed to accompany the visit if:

- their inclusion is expressly approved by the Headteacher who should reserve the right to refuse any offer of help
- they have been informed of the nature of the visit and the risk assessments and made aware of their duties and responsibilities.

Alcohol

Alcohol consumption is NOT permitted.

Employees Conveying Pupils in Private Cars

The use of private cars should be discouraged. Before allowing an employee to use his/her own car to transport pupils, the Headteacher must check and keep copies of the employee's:

- Driving licence (employees must bring any endorsements to the attention of the Headteacher and the licence must be satisfactory to the Headteacher – six points is the usual cut off point)
- MOT certificate.
- Driver declaration

Whenever employees are driving, the risk assessment relevant to the trip must also include reasonable measures to control driver fatigue.

Higher Risk/Adventurous Activities

When these are to be undertaken, the Headteacher must ensure that appropriate employees accompanying the visit are qualified and competent and that all relevant equipment is provided to the appropriate safety standards and is properly maintained. It is often practicable for the activities to be undertaken at specialist provider centres where qualified and competent staff etc. are available. Parents must be informed in writing of any higher risk/adventurous activities to be undertaken and that these must be specifically mentioned when applying for travel insurance e.g. mountain walking, rock climbing, water-sports, pony trekking etc.

Shared Responsibilities

External Providers

The Headteacher must be supplied with reassurance regarding the quality¹ and competence of any providers used. Reassurance covers documents such as copies of providers' health and safety policies, risk assessments and information.

When planning an activity involving caving, climbing, trekking, skiing or water-sports a check must be made that the provider holds a licence as required by the Adventure Activities Licencing Regulations 2004.

The provider's safety policy and risk assessments and other written evidence must be checked at the initial planning stage. One of the items to check is that all provider's staff who will possibly come into contact with pupils have been vetted in accordance with the safer recruitment policy.

Compliance with 'BS 8848: British Standard for Ventures, Field Works, Expeditions and Adventurous Activities Outside the UK' is a good benchmark when relevant.

There will be times when provider staff will be primarily responsible for the pupils. These times (and in what circumstances) must be set out and agreed in writing prior to the start of the visit. Pupils must know who is in charge at any given time.

If, as in the case of some field trips, the visit is unaccompanied, then this must be made clear to parents and the Head Teacher must be satisfied with all the safety procedures.

¹Qualifications must be those approved by the sports/activity's national governing body. See AfPE 'Safe Practice in Physical Education and School Sport. Qualifications must be checked in advance by the party leader.

Joint Trips with other Schools

There should be one overall party leader and the Headteacher should be satisfied with the procedures in place for the partner school. The responsibility of employees of each school for the pupils of the other should be agreed and made clear to the pupils.

Regular Routine Curricular Activities off the School Premises

These include regular PE activities that do not take place on the school premises. It is not necessary for parents to sign a consent form for these games and activities and the Headteacher may take parent and other adult helpers into account when deciding on the number of supervisors required for any journey, provided an employee is in charge.

With the consent of parents, pupils considered to be sufficiently responsible, may be allowed to walk unaccompanied to where the activities are carried out.

When pupils are leaving site for short periods, accompanied or not (for instance for shopping or going for a run) the pupils must use the signing 'in/out' system. When the pupils are accompanied by an employee a mobile telephone should be taken whenever possible.

All arrangements must be included in departmental risk assessments.

Remote Supervision

After careful risk assessment guidelines must be laid down by the party leader and clearly understood by all members of the party.

The following points maybe helpful:

- Pupils must be in groups; appropriate group sizes must be determined by the group leader
- The geographical area in which pupils must stay should be clearly defined
- A time limit must be set in proportion to the age of the pupils, the time of day and any other relevant factor. Anyone who returns late should understand that they will be penalised. Before dispersal, pupils must be informed of the location where an employee can be found during the whole of the period and exactly where to reassemble
- Pupils should be reminded that in the UK it is an offence for persons under 18 to buy cigarettes, alcohol and illegal substances. Other laws apply abroad. Pupils must be clearly informed of the school's policy in connection with consumption or use of these.
- Pupils away from home may well strike up acquaintance with pupils from other school parties or people from the locality. This can be a problem if it leads to proposed meetings at times when the group is supposed to be engaged on organised activities or safely in their accommodation. Pupils must be clear about the school's rules of conduct in this respect.

Information Concerning Visits

Parents must be fully informed in writing about the visit well in advance. If appropriate, parents and pupils should be invited to the school to discuss details with the organisers.

Consent Forms

A pupil must not be allowed to participate in a school visit unless an appropriate consent form has been signed by his/her parents/guardian and returned to school.

Parents are asked to sign a blanket consent form at the start of each year. This may be used to cover local visits such as those that will take place during day and

evening times under the supervision of school staff and it may be appropriate for school sports fixtures where the school issues information to parents of the specific day-to-day arrangements, for instance by use of fixture lists/homework books etc. When blanket consent forms are used parents need to give permission for pupils to participate in the relevant visit via a permission slip.

It is important to note that a blanket consent form must not be used for any residential visits, visits abroad and any that involve any higher risk/ adventurous activities.

With blanket consent forms there is no possibility of parents providing up to date medical (or contact) information. If used, the employee responsible for each visit must be provided with the details of any medical condition affecting the pupils/contact details from the school's information database. Procedures must be drawn up to ensure these are noted by the employee concerned.

Information for Pupils

Pupils must be given clear safety instructions. They must also know who is in charge of the visit and what to do if they get lost or into difficulties. The following are other matters on which they may need information provided:

- on risks associated with the trip such as the particular type of travel to be used
- on considerations concerning special and/or medical needs
- that the strength of the sun should never be underestimated, especially at high altitudes, and pupils should use sun protection cream and may need a hat
- Always clean hands before eating.

Emergency Procedures

Part of the written arrangements or risk assessments for the visit must include details on how to contact the school or a designated senior member of staff, at school or otherwise, for emergency purposes. This member of staff should agree to being the 'contact' and should be provided with a list of names, addresses and telephone numbers of all staff and pupils on the visit – such information should also be lodged at a known place at school office and held by the leader. In any shared responsibility situation, the emergency procedures must be agreed in advance with the provider/other school involved.

The designated member of staff and/or parents as appropriate if there is 'no show' by any pupil.

A first aid kit and mobile phones (where appropriate pupils' mobile phone numbers should be collected) should be carried and ideally there should be trained first aid personnel in every group involved in travel. The requirements for first aid and administration of medicine should be included in the risk assessment.

Careful estimates should be made of the need for cash. Employees should have sufficient funds available in appropriate form to provide for all anticipated needs plus an emergency fund.

Serious or Fatal Injury – Emergency Procedures

An emergency is unlikely to occur in circumstances where the following procedures can be carried out to the letter, but all employees accompanying the party must be familiar with them and must be able to adapt them to the situation in which they find themselves and a copy of the procedures should be taken on each visit.

The party leader (or other person in charge of small sub-group if out of contact with party leader until party leader can be contacted) should:

- establish the nature and extent of the emergency, discourage pupils from contacting their parents until they are briefed/until contact is made with the Headteacher, emergency contact point or other senior employee
- call whichever emergency services are required (UK 999, Europe 112, USA 911)
- where anyone is injured have first aid administered if possible
- make sure all other members of the party are accounted for and are safe
- establish the name(s) of the injured
- advise other party adults of the incident and that emergency procedures are in operation
- if possible arrange for an adult from the party to accompany the casualty to hospital. If this is not possible, ask the emergency services the name and address of the hospital concerned and write it down
- ensure that the remainder of the party are adequately supervised throughout; it may be necessary to arrange for their early return to base
- arrange for one adult to remain at the incident site to liaise with emergency services until the incident is over and members of the party are accounted for
- commit to writing full details of the incident:
 - name(s)
 - nature, date and time of incident
 - location of incident
 - details of injuries
 - details of police who attended/witnesses names, addresses (and telephone numbers if possible)
 - action taken so far
 - telephone numbers for future communication.

Do not discuss matters with the media, do not discuss legal liability, do not apologise or express regret.

Procedures for Other Accidents/Incidents

Complete the school accident/incident report form or commit to writing full details as above.

Feedback

The feedback form must be completed after each visit.

This policy applies to all members of our school community including those in our Early Years Setting

Educational Visits form completion deadlines

Upon receipt of the Head's approval a copy must be given to the EVC. This will trigger the following process, which if not fulfilled will lead to the cancellation of the visit.

The dates will be entered into a visits diary with the Business Administrator and on that basis the following deadlines apply. As each date approaches the office will instruct the EVC to issue reminders and collect any outstanding paperwork as required.

Completed form/action	Weeks prior to departure
Start Checklist	On initiating visit
Travel form	2 weeks
Risk assessment	2 weeks day trips (6 weeks residential)
Authorised absence list and text messaging service	2 weeks
Parental contact numbers list	2 weeks
Copies of all paperwork to EVC, Emergency contact.	2 weeks
Confirmed authorized absence list (if different) to office and emergency contact	1 Day
Incident form (if required)	Upon return
Evaluation form	Return date + 1 week

Copies of all paperwork will then be filed in the school office for future reference.

Blanket Consent Form

Parent/Guardian for short visits - side 1

These are renewed annually and copies held in the staff work rooms to be taken out on visits. Originals will be held in the Senior and Prep offices.

Appendix One

Please complete this form giving all relevant details. The information given or updated by you will be referred to when the pupil participates in away sports fixtures, non-curriculum off site visits during the day or evening or similar. You will be given written information concerning these visits for your son/daughter and asked to sign a separate short permission form to allow your son/daughter to participate.
